O. D. GRAHAM NAMED DISTRICT JUDGE

BUSINESS HOUSES TO CLOSE MONDAY

New Years Day Will Be Observed Here

Cameron merchants will observe New Year's Day, January 1 and all stores and business houses in Cameron will be closed, it was announced by L. G. Smith, manager at the Chamber of Commerce.

This holiday was decided on by a poll taken in early November of this year by merchants and business establishments. It has been customary in the past for the majority of the town to be closed but some have stayed open.

On New Year's Day there will be the traditional Rose Bowl, Cotton Bowl, Sugar Bowl and many other Football games and many celebrated activities are being planned for that day, but here in Cameron everything will no doubt be quiet and the city never plans anything for that particular day as many of the citizens here attend one of the bowl games and other New Years celebrations.

Since the Christmas rustle and bustle is over and everything is back to the normal swing a quiet weekend is expected here. Many of the merchants have expressed their gratutude for the unusual large volume of business in the past three weeks and hope for a continuance of good business in the New Year.

Farming prospects at the present are not very encouraging on account of the lack of moisture and a good rain is greatly needed over the entire county and the state at large. The pasturelands of the county are suffering from the need of rain and many cattlemen have put a considerable amount of their livestock on the market on account of the shortage of grass and feeds.

Building in the city continues to increase with several new homes now under construction but materials may be soon cut short and construction of this type may be halted to a certain extent but a Bright and Proseperous New Year is being anticipated.

Sgt. James Gibson Writes From Korea; Six Years In Service

Sgt. James Gordon, son of Mr. and Mrs. O. V. Gibson recently wrote his parents of the evacuation of the allied troops in Korea. He told of being in the trap that was cut off for several days but finally managed to unite with other American forces near Hamhung.

Sgt. Gibson was unable to write to his parents for four or five weeks and said the weather was extremely cold in the area where he was stationed. He has been in China for the past two years and has been in the Marine Corps for six and one-half years and was stationed in the South Pacific in the last war. He has been in Korea since August 15 and said the going was rough.

Gen. Walker's Body Will Lie In State

TOKYO, Dec. 26—The body of Lt. Gen. Walton H. Walker was placed Tuesday in the chapel center at Yokohama to lie in repose until departure for the United States probably next Saturday.

General MacArthur's headquarters announced that the chapel center will be open from 8:30 in the morning until 10 o'clock in the eening each day for those who wish to pay their last respects to the late U. S. 8th Army commander.

General Walker was killed in a jeep accident in Korea last Saturday morning.

The body was carried to the chapel center from the Walker home in Yokohoma where services were held Monday with members of the Walker family and a few intimate friends in attendance.

Final rites will be held at Arlington National Cemetery in Washington.

DRAFT LAW FOR FARM WORKERS

Texas Leads U. S. In Violent Deaths

Violence killed an astounding 80 persons in Texas with traffic, fire and gunshot leading the count Monday night.

It was one of the most tragic yuletides in Texas histoy as the state's list of dead paced the national holiday death toll.

As the death list lengthened with each passing hour, traffic led the way with 38 killed in busy highways and crowded streets. Fire claimed 17 lives. Twelve died of gunshot wounds, one man drowned, another died in a fall, a woman was stabbed to death, and a man was killed by an exploding hand grenade.

The worst Yuletide tragedy was the death of 10 elderly persons when a convalescent home burned down at Amarillo late Friday.

44 Men To Be Called Up In January

A second call for 22 men from Milam County for the month of January has been issued for preinduction physicals into the armed forces, it was announced by August G. Kunz, chairman of the Milam County Draft Board.

These men will leave Cameron for Dallas on January 22 and report at the Dallas Recruiting Station for physicals. The first call for men in January was issued a week ago for 22 men also from this county and since the quotas have been doubled more men will be called in the future. Since the world situation is becoming more serious the government would be given full control over man power and other things essential for national defense.

Local board quotas for calls for the month of February will not be made up and sent to the local boards until sometime after the firt of the year. Calls are usually sent to the boards about a month before deliveries are to be made.

This is the eighth call for men from Milam County for pre-induction since the beginning of the war in Korea. Seven men from this county reported for induction into the armed services Thursday December 14 where they received further assignments

The call for the month of January for the State of Texas is 2,038 and will be raised to 2,559 during the month of February, it has been announced from State Selective Service Headquarters by Brigadier General Paul L. Wakefield, Director.

Calls are made by the Secretary of Defense or the national director of Selective Service in Washigton, who allots quotas to the states on the basis of federal draft regulations. Under the same regulations state directors fix quotas to their local boards.

With the speeding up of the draft program around 50 to 60 men may be called up during the month of February if the present draft hike of 80 percent in Texas counties to stay in force.

Polio Fund Drive Begins In January

During the March of Dimes Campaign last year, Milam County sent in only $380.00 to the National Foundation of Infantile Paralysis and during the past year four new cases have been added to the list. Thousands of dollars have been spent on these patients from this county and the campaign will soon get underway for seeking more funds.

A large amount of research work is now being done on Polio, in an attempt to find a serum for the prevention of this dreaded disease and

The Army Calls For Additional Reserves

WASHINGTON, Dec. 26—The Army called for 7,500 more reserve captains and lieutenants Tuesday and officials indicated that an order to induct 100,000 draftees during March will be issued later this week.

The two actions were viewed as the signal for a sharp speedup in the mobilization of the nation's military might.

The new call for reserve officers was coupled with an announcement that for the first time, the Army may take officers individually from their units, including National Guard divisions.

Reserve officers summoned Tuesday will include 5,420 lieutenants, 1,900 captains, 100 WAC officers and 165 chaplains, making a total of 27,000 officers in these categories called to duty thus far.

The order also specified that 890 physicians and 850 dentists will be required to report for military duty in February and March, including some who accepted reserve officer commissions in preference to being drafted.

The army said it hoped the bulk of the officers called for will volunteer "as a patriotic service in time of national emergency," but that mandatory orders will be issued for whatever number is needed to fill the quota.

The policy in the past has been not to take officers individually from organized reserve and National Guard divisions, because these units would then be impaired.

The Army said, however, that the number taken from any one division will be small, and that this method of getting officers will be used only after other means of filling the quota have been exhausted.

Along with the doctors and dentists, a total of 415 officers from the Medical Service Corp will be brought to active duty to fill medical requirements.

Defense Department spokesmen said they expect the 100,000 a month draft rate scheduled for March to

Mrs. B. F. Robinson Wins First Place

The winners of the 1950 Christmas Contest has been announced by L. G. Smith, manager at the Chamber of Commerce.

For the past several years a considerable amount of interest has been created in these Yuletide events which makes the city more beautiful at Christmas time and efforts put forth by the different clubs and committees have certainly been worthwhile and appreciated by citizens here and the surrounding communities who come to view these decorations each year.

Miss Mildred Thornton, chairman of the decorating committee extends her appreciation for the number of entries in the contest. Fifteen entered the contest this year and judges were high in praising the entries for the contest and merchants of Cameron are to be commended for sponsoring such an event.

The winners of the contest are as follows: Mrs. B. F. Robinson, first place, $50.00; the Elder Trio (Frank Elder), second place, $35.00; Mrs. Larry Hackabeil, third place, $20.00; Marsha Dell Siebman, fourth place, $10.00.

Mrs. Homer McLane, Mrs. Milton Schiller and Mrs. Frank Monroe won honorable mention each receiving $5.

Judges for the contest were Dr. and Mrs. Pedro Garcia and Nick Craig of Marlin. The Chamber wishes to express its appreciation for the cooperation received in carrying out this yuletide contest.

Regulations Issued By Gen. Wakefield

Emphasizing that the draft law provides no blanket deferment for farm workers, Brigadier General Paul L. Wakefield, state Selective Service director, declared today that local boards are required both by law and regulations to consider each agricultural workers' case individually, just as other men's cases are considered.

General Wakefield said that regulations issued by the President provide for a deferred classification for farm workers only when the following conditions are met to the satisfaction of the local board:

1. The man must be "employed in the production for market of a substantial quantity of those agricultural commodities which are necessery to the maintenance of the national health, safety, or interest."

2. "The production for market of a substantial quantity of agricultural commodities should be measured in terms of the average annual production per farm worker which is marketed from a local average farm of the type under consideration. The production of agricultural commodities for consumption by the worker and his family, or traded for subsistence purposes, should not be considered as production for market. Production which is in excess of that required for the subsistence of the farm families on the farm under consideration should be considered as production for market."

The state draft director observed that "this still doesn't give the complete picture," and added that a man, to be eligible for farm deferment, must also meet the requirements in the section of the Selective Service regulations defining necessary employment.

He quoted as follows:

"A registrant's employment in industry or other occupation, service in office, or activity in study, research, or medical, scientific, or other endeavors shall be considered to be necessary to the maintenance of the national health, safety, or interest only when all of the fallowing conditions exist:

"1. The registrant is, or but for a seasonal or temporary interruption would be, engaged in such activity;

"2. The registrant cannot be replaced because of a shortage of persons with his qualifications or skill in such activity; and

"3. The removal of the registrant would cause a material loss of effectiveness in such activity."

General Wakefield stressed that deferments based on agriculaural and other civilian occupations are not permanent. "They are issued for one year or less," he said, "and local boards have instructions to classify a registrant as available for service whenever the cause for his deferment ceases to exist."

He explained that the designation Class II-C is used to indicate those deferred because of agricultural occupation.

Thorndale Youth Given Top Honors On All American Jr. Team

The Thorndale Red Raiders Pee Wee Football team did not get to play in the Milk Bowl this year, but they have produced the only player from the state of Texas on the All-American Pee-Wee football team.

The announcement was made official Wednesday at Thorndale that the player, Elton Ray Barron, Jr., had been given this honor.

He is the twelve year old son of Mr. and Mrs. Horace Barron of Thorndale. Elton Ray played in the center position on the Red Raired team and was in the lineup most of the time in each game. He is in the seventh grade.

O. D. Graham To Be District Judge

O. D. Graham, Thorndale Attorney has been appointed as judge of the 20th District Court in Milam County.

Mr. Graham was appointed by Governor Allan Shivers to fill the vacancy left by W. A. "Bill" Morrison who was elected to the Court of Criminal Appeals in the August Primary defeating Bob Lattimore by a large majority. He is well known over Milam County and is qualified to fill the position left by Mr. Morrison.

Mr. Graham practiced law for a number of years and will begin his duties as judge early in the New year. Governor Shivers appointed Jack Langdon, Fort Worth Attorney as judge of the 17th District, to fill the unexpired term of Judge Frank Culver who was elected to the second court of civil appeals and Frank Fulgham, Weatherford Attorney, as judge of the 43rd District Court (Wise, Parker and Jack Counties). He will fill the term of Judge J. E. Carter who recently resigned. Governor Shivers also reappointed George B. Butler as state life insurance commissioner for a six-year term.

Judge Morrison will be sworn in as Judge of the Court of Criminal Appeals on January 1 at 10 A. M. in Austin with Judge F. H. Hawkins presiding.

Mr. Graham is a native of Milam County, being reared at Milano and having lived at Gause, Buckholts and Thorndale and attended school at Cameron. He is a graduate of Sam Houston Teachers College at Huntsville and holds a LLB degree from the Law School of the University of Texas. He has a wife, the former Clara Clymore of Rockdale, two sons and one daughter, now residing in Panama, Midland and Austin respectively.

County Wide Rodent Campaign Soon

The Milam County Farm Bureau Organization is planning a County-wide Rat Campaign, it was announced by Dennis Klein, president.

The Organization recently met and discussed the immediate need for rodent control as many sections of the county are becoming heavily infested with reats. A number of farmers over the county reported that their farms, premises and stock sheds and grain bins are being heavily damaged by rats and some said they have seen large rats crossing the highways at night while driving home.

If these rodents are not checked with in the near future a considerable amount of grain on farms throughout the county will be destroyed or damaged heavily.

J. E. Poore, of the Texas A. & M. College Rodent Control Service discussed rodent control procedures at the meeting of the Farm Bureau last Thursday and instructed the farmers the correct way in going about rodent control and gave instructions how to mix the new Warfarin-Treated Rat and Mouse Bait that has been used so successfully in heavily rodent infested areas. This bait will soon be available at the Milam Coun-

Mr. Leonard Injured In Car Collision

Horace Leonard, owner and operator of the Humble Service Station on North Fannin, was seriously injured in an automobile collision Wednesday December 20 at 1 P. M. on Highway 190 between Cameron and Hearne.

Mr. Leonard's condition was still very serious according to Dr. J. L. Walker, attending physician. Dr. Walker said Mr. Leonard suffered a broken back and a number of bruises and lacerations about the face, and would have to remain in the hospital for several weeks.

Mr. Leonard's car collided with a car driven by J. A. Henderson of Ben Arnold. He was passing the Henderson car and Mr. Henderson turned left and he crashed into the rear of the Henderson car, spinning the Leonard car out of control and crashing into a tree. Mr. Leonard was driving a 1950 Oldsmobile and it was completely demolished.

Mr. Henderson and W. E. Kosel also of Ben Arnold were not injured and the car in which they were riding was only slightly damaged. The wreck occured near the Port Sullivan Bridge in Milam County.

Mrs. W. B. Townsend of Corpus Christi was a week end guest of her daughter, Mr. and Mrs. B. Offield here.

Dane Spent 20 Years In Asylum by Mistake, Finally Declared Sane

TOPEKA, Kan.—John Crabb, 59, who spent almost 20 years in a Kansas mental institution "by mistake" has been released and has returned to his native Denmark.

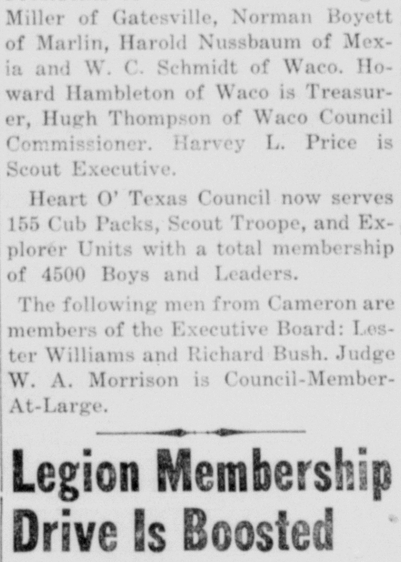
He was released after intercession of a group of Danish insurance men who brought the matter to the attention of state authorities. L. P. Ristine, superintendent, said there is every indication that Crabb never was insane.

"He was a victim of circumstance," he said.

Crabb's long imprisonment was attributed to his lack of knowledge of this country, his inability to speak the language clearly and to his fiery temper and determination to prove his sanity.

He had lived in this country almost 20 years at the time of his imprisonment. At the time he was taken into custody he was a dish washer in a restaurant. Co-workers scoffed because he worked while standing on crutches necessitated by a foot injury.

The undercurrent of resentment flamed when one of the workers made advances toward a waitress for whom Crabb had an affection. Crabb threatened the man and was taken to jail.



A. P. ROWLAND

A. P. Rowland of Waco will assume the position of President of Heart O' Texas Council, Boy Scouts of America, on January 1, 1951. Mr. Rowland was elected at the Annual Council Meeting held on December 8. He is Division Supt. of the Lone Star Gas Company, covering a 22 county area.

The Heart O' Texas Council territory consists of nine counties as following; Bell, Bosque, Coryell, Falls, Freestone, Hamilton, Limestone, McLennan and Milam.

Frank Jones of Temple will become First Vice President. Other Vice Presidents of the Council are: Roger Miller of Gatesville, Norman Boyett of Marlin, Harold Nussbaum of Mexia and W. C. Schmidt of Waco. Howard Hambleton of Waco is Treasurer, Hugh Thompson of Waco Council Commissioner. Harvey L. Price is Scout Executive.

Heart O' Texas Council now serves 155 Cub Packs, Scout Troope, and Explorer Units with a total membership of 4500 Boys and Leaders.

The following men from Cameron are members of the Executive Board: Lester Williams and Richard Bush. Judge W. A. Morrison is Council-Member-At-Large.

Legion Membership Drive Is Boosted

In the first of a series of monthly meetings to be held by Legion Post commanders and adjutants within the 11th Congressional District, District Commander Weldon P. "Red" Hogan of Rockdale announced that three Posts in his District have already won 25-pound dressed turkeys for their Commanders' tables on New Year's Day.

With all 24 posts competing in the all out membership battle ending January 1, the Killeen, Buckholts and Rockdale Posts have exceeded the membership quota set by Department Headquarters for 1951.

District Commander Hogan said that since the special campaign for Legion memberships began a month ago the 11th District has moved from seventh place to second in the state drive.

A monthly newspaper to spur on membership workers will be published by the 11 District, with the editorship rotating to all posts within the District, Rockdale will publish the first issue in January Cameron, the February issue and Waco, the March issue.

Rockdale's Carlyle Post No. 358 was host to the first meeting of Post commanders and adjutants Sunday, December 17. The next meeting will be held in the Commodore Perry Hotel on January 21 during the state Post Officers Conference in Austin. Waco Post No. 121 will play host to the third meeting scheduled for the second Sunday in February.

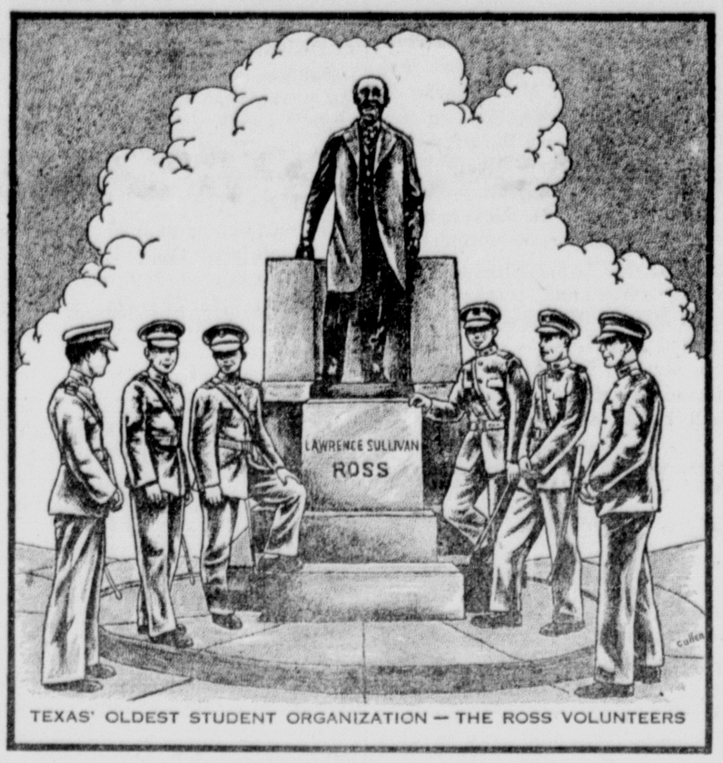
Our first state college—Texas A. and M. is now in its seventy-fifth year



TEXAS' OLDEST STUDENT ORGANIZATION — THE ROSS VOLUNTEERS

Organized in 1887 as an honor company and crack drill unit, the Ross Volunteer company at the A. and M. College of Texas is the oldest student organization in the state. The first company was called the "Scout Volunteers" in honor of the popular Col. T. M. Scott, then business manager of the college. In 1890, when the illustrious Lawrence Sullivan Ross, Confederate General and former Governor, became president of the college, the name was changed to honor him, and the group became permanently established as the honor company of the college. Through the years the Ross Volunteers have held to high standards of character, scholarship and military precision. In addition to their spectacular precision drills, they have served as honor guards for distinguished visitors to the campus and have participated in many state ceremonies as an honor guard to the Governor. Ross Volunteers, in their white dress uniforms, are shown here grouped around the statue of their patron, Sul Ross, which is a campus shrine at the Texas school.

Texas 4-H Orators Win State Awards

Don McGinty

Frances Jean Mullins

Don McGinty, 14, of Spur, and Frances Jean Mullins, 16, of McDade, have something to talk about. The ability to say it fluently, convincingly and clearly, has won them state honors in the new 4-H Public Speaking program. In public talks about personal 4-H experiences and accomplishments they have been able to inspire others to do things worth while. Don's award is a beautiful 17-jewel gold watch, and Frances' gift a lovely set of silverware, both presented by the Pure Oil Company.

The great value of 4-H work, which can never be measured by dollars and cents was one of the underlying thoughts of Don's speech. The friendship of interested adults, the benefits from democratic organization, the glamorizing of agriculture, and the decrease of juvenile delinquency—all these are the rewards of 4-H work, according to Don. His speech ended with a poem expressing the role mature adult leadership can play in molding 4-H youth.

Miss Mullins' speech dealt with the role 4-H members can play in promoting good government. By taking the fullest advantage of their education, and by taking an active interest in American government, she expressed the belief that America's youth can become even greater leaders than their forebears.

This activity is under the direction of the State Extension Service with USDA cooperating.

Texas Ranks First in Slot Machines; Washington Second

WASHINGTON—The internal revenue bureau in its report for the year which ended June 30 said Texas far exceeded any other state in the number of establishments paying federal taxes last year to operate slot machines.

Mr. Williamson, 96 Buried At Gause

Funeral services were held for James Franklin Williamson, 96, December 24, 1950, by Rev. Syer, pastor at the Gause Baptist Church at 2 p. m. Interment was made in the Gause cemetery with Green's Funeral Home directing the arrangements.

Farmer's Dream Of Drilling Gas Well Comes True

RENOVA, Pa. — Dorsey A. Calhoun, a farmer, dreamed one night about 15 years ago that he heard a voice which told him if he would drill a gas well near the base of an old apple tree at the foot of Calhoun monntain, he would never have to work again and neither would his children or grandchildren.

He told his wife about it and set out to sell the idea to neighboring farmers and to friends and business acquaintances in nearby towns.

"All I wanted," he said, "was enough money to put one hole down. But folks said I was crazy. They laughed at me."

But Calhoun refused to forget his dream. By April, 1949, he had rounded up 30 relatives and friends who were willing to put up $500 apiece to drill a well—near the base of the old apple tree on the Calhoun farm. Second hand rigging, held together by bailing wire and resembling the equipment used by wildcatters in the Texas and Oklahoma oil fields years ago, was acquired. Experts looked at it and shook their heads. It wouldn't last, they said.

JANUS, ancient Roman god for whom the month of January was named, could see both the past and the future. He was also the God of Beginnings. This New Year's Day, look into the future with Janus, and make a beginning on your program of future security!

On New Year's Day 1951 take a two-way look at your life!

THIS NEW YEAR'S DAY, look ahead—at your future. Do you see yourself as the one person in four who *won't* be on charity at the age of 65? Who *will* be free and financially independent?

Now, look back. Out of all the money you've earned in the past 10 years, how much have you managed to save? Far too little? Don't be discouraged.

You—yes, you—can build a pyramid of cash savings at least as great as $4,329! Through one of the simplest, surest savings plans ever devised.

Today, sign up in the Payroll Savings Plan where you work. It's the automatic, systematic, "painless" plan that does your saving *for* you before you even draw your pay. And buys you U. S. Savings Bonds. You may save as little as $1.25 a week or as much as $375 a month. *If you can set aside just $7.50 weekly, in ten years you'll have cash savings of $4,329.02!* The time to start is now!

Bonds are like dollars, but better!

If you need the money, any Series E United States Savings Bond you've had more than 60 days may be cashed like a check at any bank or other authorized paying agency. If you should accidentally lose or destroy a bond, your money's still safe; the Treasury will replace the bond at no charge.

Miss Marjorie Denson Bride of Harold Riley In Church Ceremony

Miss Marjorie Denson, daughter of Mr. and Mrs. Joe Denson, became the bride of Harold Eugene Riley, son of Rev. and Mrs. Ray Riley of Quitaque in a twilight ceremony at the First Baptist Church in Cameron Thursday December 21 at 5 in the evening.

The Ceremony was performed by Rev. Riley, father of the groom. Preceeding the ceremony, Mrs. C. W. Bradbury played nuptial selections of "Evening Star," "I Love Thee," "Oh Promise Me," and "The Sweetest Story Ever Told." Royce Curtis of Baylor University and Director of the Choir at the First Baptist Church sang "With This Ring I Thee Wed," before the ceremony and "The Lord's Prayer," after the ceremony, accompanied by Mrs. Bradbury.

The altar was decorated with tall baskets of White Chrysanthemums against a background of greenery with a light centered on the wedding party.

The bride, given in marriage by her father, wore an ivory satin ballerena length gown with a full skirt that was pleated in the back to form a train effect, the sleeves ended in a narrow ruffle of illusion and the bodice had a ruffle of chantilly lace and seed pearls bordered with a tiny ruffle of illusion at the neckline. Her fingerttip veil of illusion fell from a tilted crown over lilies of the valley. She carried a bouquet of white chrysanthemums centered with two orchids, with satin and velvet streamers.

Miss Janey Miers of Plano was maid of honor and wore a gold satin gown made with a cape with a stand-up collar and carried a gold satif muff centered with blue chrysanthemums with a head piece of identical colors as the muff.

Miss Tommy Dell Jenness of ameron, bridesmaid, wore a blue satin gown similar to the maid of honor and carried a blue satin muff with gold chrysanthemums. Her blue headpiece held gold chrysanthemums over one ear.

The bridesmaid and the maid of honor gowns were also ballerena length.

Gordon Riley of Quitaque, brother of the groom, attended as best man. Ushers were James Jeffries of Corpus Christi and Dan Edwards of New York.

A reception for the wedding party and relatives was held at the home of the bride's parents, immediately following the ceremony. The bride's table was covered with a blue net cloth and centered with the bride's bouquet and tall white tapers in silver holders. A beautiful reflector held the three-tiered wedding cake and punch was served from a large crystal bowl at the other end of the table. Miss Mary Neil McClellen served the punch and Miss Jane Flinn presided at the cake service. Miss McClellen and Miss Ann Bradbury registered guests at the church. In the house party were Misses Jean and Ann Bradbury, Nancy Grabein, Jane Flinn, Mary Neil McClellen and Alice Louise Smith, cousin of the bride from Houston.

After a wedding trip to South Texas and New Orleans, the couple will live in Waco where Mr. Riley is a student at Baylor University. The bride chose as her going away attire, a light blue suit with pink accessorries with a pink off the face hat with blue forget-me-nots.

Mrs. Denson, mother of the bride wore a blue crepe suit with pink accessories and a pink carnation corsage. Mrs. Riley wore a dusty rose crepe suit with green accessories and a green carnation corsage.

The bride is a graduate of Yoe High School and graduated from Baylor University in November. She is a member of Delpha Alpha Pi at Baylor and majored in speech. The groom is a Junior Student at Baylor and played the position of end of the Baylor Football Team and was selected an All-Southwest Conference end during the 1950 football season. He is also president of the Varsity Club.

Out-of-town guests for the wedding were Mr. and Mrs. Royce Curtis and son Bill, Mrs. Stanley Williams, Mr. and Mrs. W. L. Jamison, Miss Pat Patterson and Mrs. Ben F. White of Waco Mr. and Mrs. W. L. Pemberthy and children, Wallie, Jean and Beth, Dick Tumlinson of College Station; Mrs. W. K. Gibbs and Miss Carolyn Gibbs of Bryan; Mrs. Charles D. YES, even that busy little fellow in the ermine-trimmed suit will take time out for a delicious *electrically* cooked meal! He knows . . . as housewives the country over know . . . a modern electric range is the difference between really *good* cooking and *ordinary* cooking!

The accurate temperature control of an electric range cuts on and off automatically . . . maintains uniform heat as low as 150° for foods that need to be cooked slowly, thoroughly. That's why you get wonderful cookbook results so easily, *every time!* What's more, electric cooking is clean, cool, safe . . . and economical.

The fortunate woman who finds a new electric range in her kitchen Christmas morn will be happy with *electric cooking* at least three times every 365 days!

Military Expansion Marked For Texas

Eight military and air installations in Texas were marked for reactivation or expansion Wednesday as part of the $17,820,000,000 program the Defense Department has outlined for stepped-up war preparations.

Senator Johnson said the appropriations request covers these projects:

Camp Wolters, Mineral Wells—The Air Force has asked for $3,208,000 to place unspecified facilities at the World War II infantry training center.

Amarillo Air Force Base—Reactivation has been requested by the Air Force which wants to spend $18,860,000 there immediately and a total of $37,035,000 for exjansion and installation of training facilities at the base.

Carswell Air Force Base, Fort Worth— Acquisition of additional land at a cost of $2,039,000.

Fort Worth Quartermaster Depot —Construction of three warehouses costing $3,110,000 and extension of railroad tracks and utilities at a cost of $186,000.

Fort Hood — $3,600,000 for eight new barracks, each to house 225 men.

Fort Bliss— $2,954,400 for a guided missle center and $1,911,325 for anti-aircraft firing facilities.

Red River Arsenal, Texarkana — $50,000 for dehumidifying equipment and alterations to warehouses.

San Antonio General Depot— $100,000 to improve the sand blast equipment and paint shop.

Security reasons hid the Air Force's intentions with regard to amp Wolters.

SHOWN ABOVE is a Telibinocular, a sight screening instrument which was presented to the Milam County Public School System at a regular meeting of the Cameron Lions Club.

On hand to receive the instrument in behalf of the county were Superintendent Charles M. Hicks, D. S. Wimberly, city sanitarian, Mrs. Rubye Brown and Mrs Cynthia Saage, county health nurses. W. W. Lowe, president of the Lions Club and Dr. Gus Evans Jr., chairman of the Sight Conservation Committee presented the instrument in behalf of the Cameron Lions Club.

This instrument represents a forward step in the sight conservation among the school children of the county, the major project of Lionism. Lions in the past have done a great job in providing visual care for the under-privileged children and by the use of this instrument all school children can be screened for visual handicaps, which, if caught early can, by proper care prevent serious visual problems in many cases.

Lions Hold Annual Christmas Program At Tuesday Luncheon

The Lions Club held its annual Christmas program at the Tuesday luncheon December 19 with A. W. McCullin in charge of the program.

Miss Shirley Horstmann, former pianist for the club, sang several Christmas songs, accompanied by Mrs. Mark Magers. Each member of the club presented a toy on admittance at the luncheon and these toys will be distributed to the needy children of the city on Christmas. Discussion was held on other matters and the program was concluded with Miss Horstmann singing, "Birthday of a King."

CARD OF THANKS

I wish to express my thanks and gratitude to my many friends and neighbors who came to see me during my recent illness in the hospital and at home. To those who sent flowers and get-well cards thank you. I thank the Doctors, Sisters and staff at the St. Edward Hospital and the priests for their kindness.

Milam County Entries For Fat Stock Show In Houston Listed

Many additional entries have been received from Milam county exhibitors for the 1951 Houston Fat Stock Show, January 31 through February 11, in Sam Houston Coliseum, President W. A. Lee announced.

Mr. Lee predicted that total entries for the 19th annual exposition would pass the more than 8,000 exhibited in 1950. He also predicted that the 493,000-total number of persons who viewed the 1950 show would also be passed.

Ticket orders should be directed to Rodeo Ticket Director, P. O. Box 2371, Houston, Texas.

The new livestock entries include: Vaughn Owens, Milano, Guernsey scramble heifer; Eldon Niemtschke, Thorndale, Hereford steer, open show division; Billy Eubanks, Rt. 1, Rockdale, 2 Guernsey scramble dairy heifers; Billy C. Graham, Thorndale, 2 Guernsey dairy scramble heifers; Angell Brothers, Buckholts, 4 beef steers and Charles Moraw, Burlington, 3 pigs.

Junior Hi Tourney Set For Jan. 19

A junior high school basketball tournament will be held at Yoe high gymnasium Jan. 19. Boys in the Seventh, eighth and ninth grades in schools invited will participate in the all day tournament, Coach Paul Smith said.

Junior Stock Show To Be Held Saturday

Final plans are being made for the junior livestock show to be held Saturday at the McLane Wholesale lot, John Summer Batte, chairman of the show, said today. Judging will begin at 2 p. m.

FFA and 4-H club boys and girls will have exhibits in the show and adult entries are also being urged. Prizes and ribbons will be awarded junior winners and adult entries will be classified.

Parking Meter Fund Still On Increase

Parking meter revenue taken from the meters last week totaled $290.54 it was reported by Marshal Terry, officer in charge of collection.

This figure is an increase in revenue over any week in the past five weeks and it was said here that the increase was due to the heavy Christmas shopping during the past ten days. The display of toys and gifts this year was the largest in several years and merchants generally were well pleased with the large volume of business.

The Council voted at a council meeting in October to place the parking meter revenue in a permanent street building fund. This was one of the most progressive moves the council has made in sometime as this fund could be used to help secure the right-of-ways on Highways 36 and 190 and since the city government has called a bond election this fund could be used to retire some of the bonds.

Arthur Longmire is ill and a patient in Newton Memorial Hospital. His many friends in Cameron wish him a speedy recovery.

10th Corps Intact After Evacuation

SEOUL, Tuesday, Dec. 26—United Nations forces massed in South Korea after the epic withdrawal of the entire 105,000 man U. N. Army from the Hungnam beachhead, braced Tuesday against an expected all-out onslaught of more tha 500,000 Chinese and North Korean Reds.

Kaesong, first South Korean town to fall to the invaders at the start of the Korean war six months ago, was retaken Christmas Day by Communist forces spearheaded by Chinese troops. Other Communist units lunged over the 38th parellel at points northeast and northwest of the Republic of Korea capital of Seoul.

The defending U. N. divisions bolstered by heartening news of the successful, massive 10th Corps withdrawal of an entire army with weapons intact before a vastly outnumbering enemy force, struck back at enemy probing actions. Red patrols were placed as far as 16 miles below the border.

Limited eenmy assaults were launched along most of the U. S. 88th Army line just below th artificial boundry of Korea but the Chungchon area, South Korean sources reported a baffling North Korean withdrawal.

These sources said an enemy estimated at two North Korean divisions voluntarily withdrew north of the parallel from positions 12 miles below. No heavy fighting was indicated by the report. Chunchon is 45 miles northeast of Seoul.

Wtihdrawal of the 10th Corps to positions that will aid the defense of South Korea was disclosed as completed at mid-afternoon Sunday—Christmas Eve. Not only was the entire fighting force and its equipment removed, but 100,000 refugees were also evacuated by sea.

Treated Rodent Poison Available Now At The Farm Bureau Office

The Milam County Farm Bureau has announced that a large supply of Warfarin-treated Rat and Mouse Bait has been received at the local office, according to Mrs. Jessie May Wimberly, secretary.

The bait is available to farmers and any one whose premises are infested with rodents of any kind may purchase the poison at the Milam ounty Farm Bureau Office at 30 cents a pound .Many farmers will be glad to know that this newly treated rodent poison is now available as many sections over the county are becoming heavily infested with rodents which cause considerable damage and loss to grains and other feeds that farmers have stored on their premises and in barns.

This new poison has proven very satisfactory for rodent control in other sections of the state and many farmers in this area are looking forward to purchasing a supply of this new treated bait.

Bait must be protected from children, dogs, cats, livestock, etc. Plenty of bait should be kept available for the rodents for a period of two weeks after the feeding begins

be maintained or exceeded thereafter.

Previously, January and February induction requirements were doubled to 880,000 men who will be "pipelined" into the Army during the next two months.

The Army pointed out that President Truman in announcing his proclamation of a national emergency said the United States must quickly build a military -establishment of 3,500,000 men.

Reactivation of World War II Army installations and selective callups of officer reservists to train inductees will enable the March expansion in the draft call and subsequent intensification of the military buildup.

The Defense Department also is expected to announce shortly its plans for further callups of National Guard units.

In the center is Mr. Offield, at the left is his son, Nathan and at the right is Luther Johnson. These are just a few of the fish caught on this particular trip. The largest one weighed 30 pounds and one weighed 20 pounds. Mr. Offield recommends that fishermen use Stink bait which he has used for the past ten years and finds that he has been very successful with this brand of bait. He has a good supply at his place of business.

Mercury Tumbles Over The State

A gusty cold front, dry and windy brought the temperature down to 33 degrees early Wednesday morning, according to the local weather observer, L. W. Smith. However, it is predicted that by Thursday morning the temperature will drop to the lower 20's.

Lows of 16 to 20 were predicted for the Panhandle Tuesday night, 20 to 26 in the South Plains and 26 to 32 elsewhere in West Texas. For East Texas it was lows of 18 to 26 in the north and 27 to 32 in the central portion.

The cold front blew in on winds that swirled up to 36 miles an hour in some places. At 4 p. m. it was stretched along a line from Shreveport to Austin to Del Rio and moving south-westerly. At that time Amarillo reported a 36 degree reading and Wichita Falls 42. The winds at Wichita Falls blew in gusts up to 36 miles an hour; at Abilene it was 33 miles per hour. Small craft warnings flew along the Texas coast, with northerly winds predicted.

No rain was predicted.

Bright sunshine bathed most of Texas Tuesday while in the northern part of the nation snow covered a band from Minnesota to New York. Bitter cold was forecast for the Middle West.

POLIO DRIVE BEGINS—

(Continued from page one)

Milam County citizens should make an all out effort this year to donate generously to the fund that is helping many an unfortunate crippled child to walk again. Be ready for the MARCH OF DIMES CAMPAIGN, January 15-31.

The reasons why one-third of our Chapters need epidemic aid from National Headquarters; why we are operating on a dificit financing basis for the second year in a row; and why the 1951 March of Dimes must break all previous records.

More than 110,000 polio cases have been reported in the grand total of approximately the grand total of cases reported in the previous decade 1938-1948.

Prior to 1948, polio was striking and not recurring in a given area for four or five years. Geographical incidence now shows polio striking back with force in the same communities year after year.

In 1950 alone, chapters have given help to 54,000 patients, representing new and carry-over cases, at a cost of more than twenty million dollars. Remember that the 1950 March of Dimes was "mortgaged" to the extent of four million dollars in rolled-over bills from 1949.

Twenty-five to thirty per-cent of patients stricken today are in the late adolescent and adult group.

Adults who generally experience a much greater degree of involvement require longer and more intensive treatment.

Since one out of every ten new patients have suffered some bulbar or respiratory involvement, intensified demands are being made on local Chapter and National Headquarters because:

Six out of every eight bulbar cases are adults.

Respirator cases always require long term and expensive care, including special duty nurses around the clock.

A half-million dollars had to be expended to purchase more than 200 additional respirators in 1949 and 1950 alone.

The shipment of respirators—always an emergency problem— involves unusually high costs.

Four out of every five polio patients have needed and have received some assistance from National Foundation Chapters.

The March of Dimes dollar which bought a dollars worth of care in 1938 is worth only 58c today.

The Joe Hickmans Announce Arrival Of Baby Girl

Mr. and Mrs. Joe S. Hickman are the proud parents of a daughter born at St. Edward Hospital December 20, 1950. She has been named Barbara Jo and weighed seven pounds and thirteen ounces.

The mother is the former Lelia Lee Batte, daughter of Mr. and Mrs. R. L. Batte, Sr. and the father is the son of Mr. and Mrs. S. S. Hickman of Jones Prairie, both prominent families of Milam County. The baby is the first child for Mr. and Mrs. Hickman and is the first grandchild for Mrs. Batte.

ty Farm Bureau Office and will be announced upon arrival. The bait is poisonous to pets and humans and livestock.

If the rat plague continues in the county an outbreak of Typhus might occur, as flees that feed on the rats carry the Typhus germ. The city enacted a rat-proofing ordinance a few years ago, but it was never enforced and many of the business men now complain of heavy rat infestation. One grocery store owner recently reported he killed a tub full of rats in his place of business one Saturday night with rat poison.

Mike and Ike On Demonstration At Ideal Hatchery

Mike and Ike, thoroughbred Duroc pigs on the pork producing demonstration at Ideal Hatchery have proved that more pork can be produced faster and cheaper the new Purina way.

Mike and Ike, brothers were brough to the hatchery September 15 each weighing 34 pounds. Mike was placed on Purina feeds and Ike fed the average farm way on shorts and corn.

Mike on Purina Sow & Pig chow and Purina Hog Chow and corn in 90 days gained 149 pounds. At a low cost of 14c per pound gained. In all he was fed 49 pounds of Hog chow, 358 pounds of corn and 168 pounds of sow and pig chow.

Ike the first 60 days while on shorts and corn gained only 33 pounds and at a cost of 21c per pound gained. And then the next 30 days while fed the Purina way gained 65 pounds and only at 14c per pound gained.

OUR APPRECIATION

We wish to express our sincere thanks to all our friends and neighbors for all the kindnesses shown us when our home and furnishings were destroyed by fire. We are deeply grateful to you all and pray that God will bless you.

Mr. and Mrs. Raymond Fuessel
Route 1, Burlington

TO THE PEOPLE OF MILAM COUNTY:

In the first sentence of our State Constitution our forefathers uttered a prayer. Please let me adopt it now: —"Humbly invoking the blessings of Almighty God," I ask His guidance in the administration of the duties of your important office of District Judge entrusted to me for administration.

I am humbly grateful for the high honor, well aware that it carries with it corresponding responsibilities and obligations. It is my earnest desire to discharge creditably and fairly the high duties incumbent upon the position. With your assistance and God's help I can feel confident. Without such aid I could do nothing worthwhile. With all humility I ask for such help and assistance.

Sincerely,
O. D. GRAHAM

CARD OF THANKS

We use this method to express our sincere appreciation for the sympathy and many deeds of kindness accorded us at the loss of our father, John Henry King. We are especially graeful for the beautiful floral offering and the kindness of our friends and neighbors.

Mr. and Mrs. Henry Dreyer

Mr and Mrs. O. G. Reese of Dime Box were recent guests in the home of Mr. and Mrs. Bobby Reese.
